What is New on DART?

DART has been redesigned with you in mind; simplifying the navigation, menus, and table of contents.

- An updated homepage with Featured Content, Recent Updates, and News sections;
- New Alerts and Quick Links sections;
- Relocated Table of Contents to main content links on top banner;
- A clickable breadcrumb trail across the top of content pages to aid navigation;
- Improved Search filters and results; and
- A dynamic User Menu with actions depending on where you are on DART.

What will Remain on DART?

DART's features will remain customizable, with preferences associated with your login credentials across all your devices to ensure a seamless user experience, such as:

- Pending Content Manager;
- Display Pre-Codification Guidance;
- Reading Lists for frequently accessed materials;
- Comments;
- Highlights; and
- Saved searches.

Click the Help link on the homepage for further details highlighting DART's features and the recent changes.

If you have any questions, please send an e-mail to the DART Support Team.
